PROFESSIONAL SUMMARY

Detail-oriented IT and Network Engineering Intern with a strong foundation in Computer Systems, Local Area Networking (LAN), and OS Environment Administration. Currently completing NVQ Level 5 Diploma in ICT with practical knowledge in Cisco Packet Tracer, Ubuntu Linux terminal operations, network routing/switching basics, hardware troubleshooting, and server setup via WampServer/MySQL. Eager to leverage technical problem-solving skills and hands-on system configuration knowledge in an IT Support / Network Engineering role.

TECHNICAL SKILLS & COMPETENCIES

- **Networking & Simulation:** Cisco Packet Tracer, Network Topology Design, IP Addressing (IPv4/Subnetting), Switch/Router Configurations, LAN Troubleshooting
- **Operating Systems & CLI:** Ubuntu Linux Terminal Commands, Windows OS Troubleshooting & Configuration
- **Database & Web Servers:** MySQL Administration, WampServer Environment Setup, Local Network Hosting
- **Hardware & Systems Support:** PC Building & Hardware Diagnostics, System Performance Tuning, Software Installation & Key Management (KeyRep)

EDUCATION & QUALIFICATIONS

- **NVQ Level 5 - Higher National Diploma in ICT (In Progress):** College of Technology, Kurunegala
- **NVQ Level 4 - Diploma in Graphic Design:** Vocational Training Authority (VTA) / TVEC, Sri Lanka
- **NVQ Level 3 - Certificate in Computer Applications:** Vocational Training Authority (VTA), Sri Lanka

PRACTICAL LAB WORK & PROJECTS

Network Topology Design & Simulation (Cisco Packet Tracer)

- **Network Setup:** Designed and simulated multi-device local networks incorporating routers, switches, servers, and PC clients.
- **Configuration:** Configured IP addressing schemes, subnet masks, default gateways, and conducted ping/traceroute connectivity testing.

Linux & Local Server Deployment Lab

- **Linux Administration:** Configured Linux desktop environments (Ubuntu) and executed command-line system maintenance tasks.
- **Local Web/Database Hosting:** Deployed local WampServer stack with MySQL databases for cross-network access testing.

LANGUAGES & SOFT SKILLS

- **Languages:** English (Professional Working Proficiency), Sinhala (Native)
- **Soft Skills:** System Diagnostics, Analytical Thinking, Hardware & Network Troubleshooting, User Support
